8th & 15th January Y11 MFL PPEs

22nd & 29th January Y11 PPEs

1st Feb Y11 advice & guidance (sixth form)

FEB HALF TERM

27th March Supporting Success Evening (Final Push)

EASTER HOLIDAYS

22nd April GCSE 3D Design, Art and Photography exams

29th April MFL GCSE Exams

7th May GCSE Exams begin

Careers Support

Mrs Mills is the Allerton Grange Careers Lead

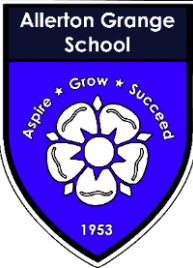

[***louisemills@allertongrange.com***](mailto:louisemills@allertongrange.com)

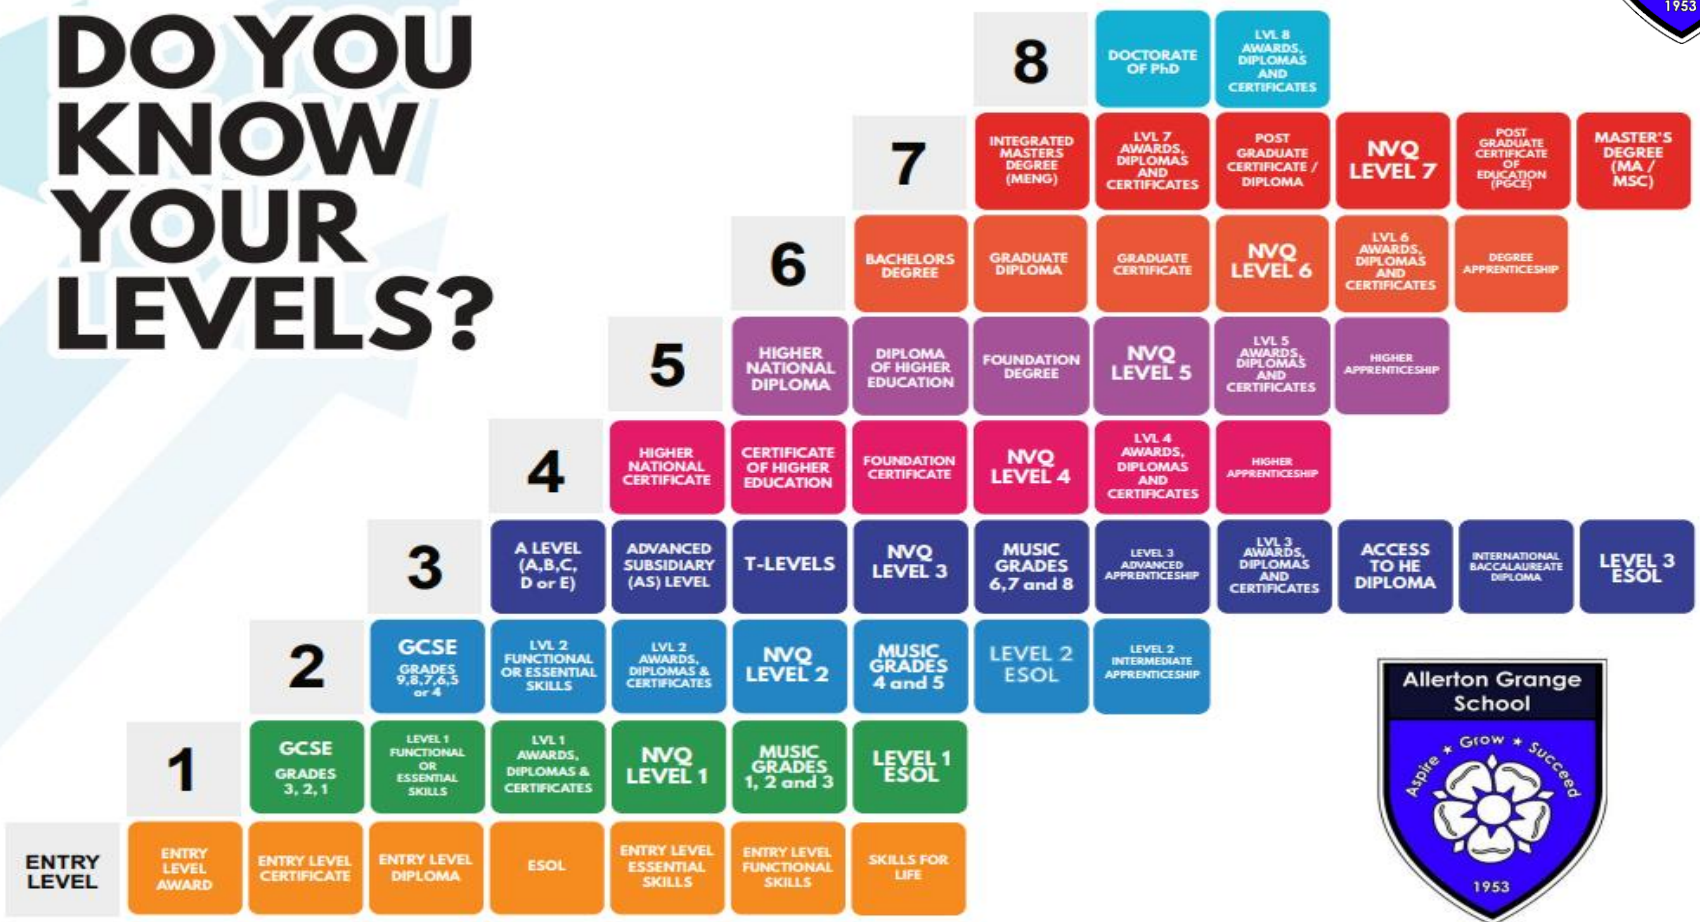

I work Monday - Thursday

What are the options?

- A Levels
- T Levels
- Vocational Qualifications
- Apprenticeships
- Traineeships
- Part-time study with employment or volunteering

DO YOU KNOW YOUR LEVELS?

Applications and Deadlines

- All colleges will consider applications as soon as they are made.
- Applications will open in October (each college will vary slightly)
- The majority of 6th Form Colleges will close applications in December
- Do some research and be informed (grade requirements for specific courses/professions)
- Students MUST to make a minimum of TWO applications!

Applications and Deadlines

- Students must ensure that they have a realistic or safe back-up application, as well as their aspirational application.
- When a course is full, it's full!
- A minimum of 5 grades at Level 4 and above is set in stone for A Levels, for very good reason. The majority of courses want a level 5 in English or Maths and some require students to have studied the subject at GCSE level.
- **The deadline for applications is Friday 15th December 2023**

Careers Support

- Between now and 15 December, All students in Year 11 will have a 1:1 Careers Appointment with Helen Smith, our Level 6 qualified careers advisor.
- These will take place in the library and will last around 30-40 minutes.
- Helen will write up some notes with links to useful information/websites and save it on each students' Unifrog account. To access it, students need to log into Unifrog, search for 'interactions' in the search bar and it will come up.

Apprenticeships

- Apprenticeships are becoming more and more popular, as they are mutually beneficial for employers and employees.
- Apprenticeships are usually 80% work and 20% college.
- Apprenticeships are available in a wide range of jobs and industries.
- Students often apply directly to the company for an apprenticeship, in the same way as you apply for jobs.
- Leeds City College does offer some apprenticeships which are advertised on their website.
- Leeds College of Building also offers apprenticeships, but the student must find their own employer.

The levels of apprenticeships

Name	Level	Equivalent educational level
Intermediate	2	5 GCSE passes at grade A*-C or 4-9
Advanced	3	2 A Levels / Level 3 diploma / international Baccalaureate
Higher	4,5,6 & 7	Foundation degree and above
Degree	6 & 7	Bachelor's or master's degree

Committed To Supporting Apprenticeships Across Yorkshire

Retrieval practice

STEP

1

Make a list of all the important information you need to know from a particular unit or chapter.

STEP

2

Close the books and create a quiz using flashcards or app.

STEP

3

Try to retrieve everything you remember.

STEP

4

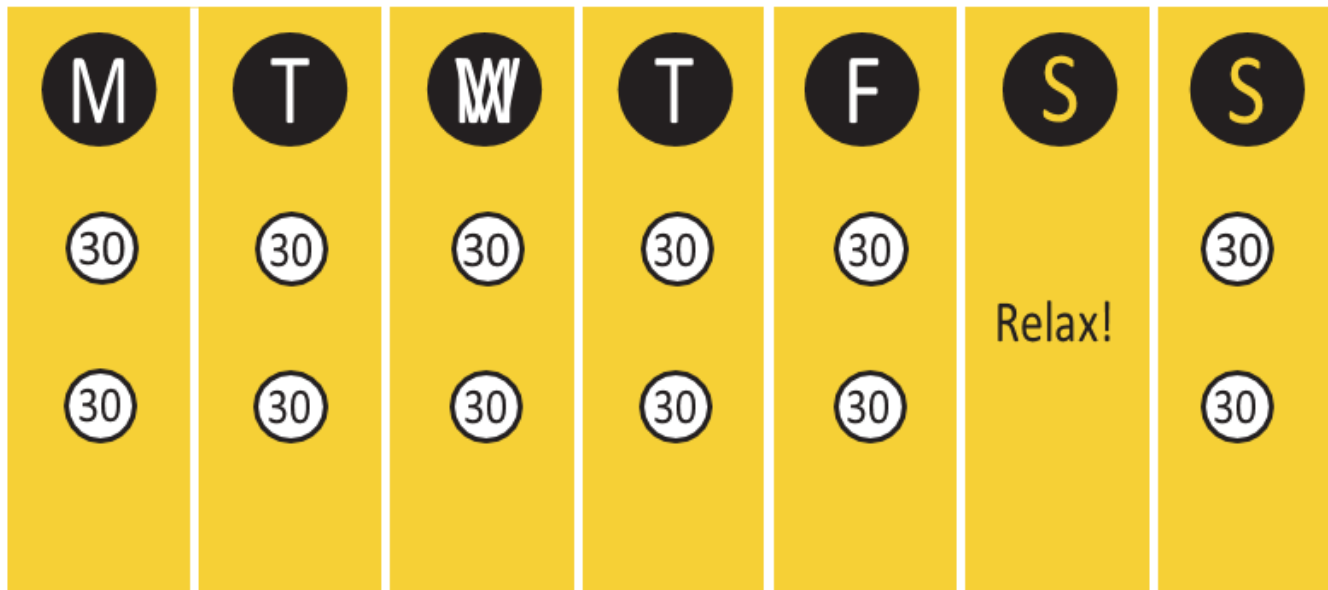

Go back and check all your answers.

Questioning and elaboration

So now you have learned a lot of material, what should you do with it? Two of the most effective things you can do is to ask questions of what you have learned and then try to find connections between new ideas and concepts.

Spaced practice

TEST

Interleaving

M	T	W	T	F
ENGLISH	GEOGRAPHY	MATHS	SCIENCE	FRENCH
MATHS	FRENCH	SCIENCE	GEOGRAPHY	ENGLISH
SCIENCE	ENGLISH	FRENCH	MATHS	GEOGRAPHY

- Revision and revision guides

Revision guides are available to purchase via parent pay

If there are issues with parent pay, please contact:
agadmin@allertongrange.com

Some subjects (English, History) will provide students with the guides they need. Students need to return these at the end of the year; if they don't, they will be charged the cost of the revision guide.

- Academic support and intervention at AGS

Academic mastery

Intervention classes led by curriculum leader from 8.30-9.15

After October half term

Subject teachers and curriculum leaders select student focus cohorts

Students may have up to 2 additional sessions a week

- Academic support and intervention at AGS

After school sessions

Art & Photography- Weds and Thurs

Drama- arrange an evening with teachers

Other subjects TBC

- Exam boards

AQA

Art (3D design, fine art, photography and textiles)

Biology

Chemistry

Physics

Combined Science

Drama

Hair & beauty

Powerful conversations

- How are you doing?
- Are the methods to learn in class/revise working?
- How could you close those gaps in your learning and skills?

Reflective learners

Three areas to focus on to improve GCSE results.

1. Class Engagement

October
Predicted
grades given

2. Homework engagement

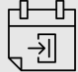

3. Revision strategies

Successful
GCSE
examination
outcomes for
pupils

Closing the 'gap'

Positive next steps

 Target (make it specific)	 How will you measure if you are have achieved the target?	 Realistic deadline to have achieved the target	 Review: November <i>Red. Amber, Green</i>	 Review: January <i>Red, Amber, Green</i>
1.				
2.				
3.				

The FACE it revision model

1.

LEARNT THE FACTS

- Flash cards
- Graphic organisers
- Mind maps
- Knowledge organisers
- Self quizzing

2.

APPLY IN CONTEXT

- Tackle questions where the knowledge is tested in context – beyond straight forward recall.

3.

CONNECT IDEAS

- Attempt questions that require students to draw on knowledge from one topic area or apply knowledge to previously unseen ideas.

4.

TEST IN EXAM CONDITIONS

- Use past exam questions to rehearse the process of responding under time pressure.

FACE it revision model

Students should use FACE it, to support their revision planning and as a diagnostic tool:

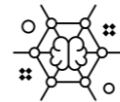

Have you learned your **F**ACTs?

Have you practised **A**pplying your knowledge in context questions?

Have you started to **C**onnect ideas with more synoptic questions?

Have you tested yourself in timed **E**xam conditions?
