

# Earth's story

How has geographical knowledge evolved over time?

What is below our feet?

What is above our heads?

**Year 7**  
**Changing landscapes**

How did human life begin?

What did early life look like?

What is all around us?

**Year 8**  
**Changing Places**

What does it mean to be a globalized world?

Do we live in a divided world?

What does the future hold for Earth?

**Year 9**  
**Changing world**
