

Allerton Grange School – Equality, Diversity and Inclusion commitment pledge (2022 – 2025)

“Allerton Grange is a multicultural school and pupils enjoy the diversity. There is a real family atmosphere. Pupils are happy and feel safe. They are polite and proud of their school. They wear their uniform with pride and are excellent ambassadors for their school. The relationship between pupils and staff is strong.” Ofsted 2020

We are immensely proud of the description above from Ofsted and recognise that we mustn't become complacent. The RED Award framework will support Allerton Grange in ensuring that our work around equality, diversity and inclusion is sustainable. We are committed to the RED Award because it will help Allerton Grange to continue being a place where everyone feels part of a single community regardless of our differences.
