

Allerton Grange School Sixth Form

Road Safety Awareness

Be a considerate driver
Do not park on restricted areas on Talbot Avenue or Lidgett Lane
Be respectful of our local residents
Please use the turning circle paying attention to the speed limit
Obey speeding restrictions; they are there to protect our children
Look after the environment and switch off your engine, when stationary,
for cleaner air!

Dear Parent/Carer

Year 13 Spring Term Information

As we reach the end of the spring term, I would like to ensure that you are aware of the following information.

Subject Intervention Sessions

Each week, on Tuesday and Wednesday mornings during registration (8.30-9.15am), subject revision sessions are taking place. This is in addition to any extra sessions that are offered by some subject areas on Fridays during session 6 on the week B timetable. Please continue to support your child by encouraging them to arrive in school by 8.30am, so they are able to make the most of these extra subject sessions.

Post Sixth Form Careers, Advice and Guidance

We have been supporting students to make decisions about their future by discussing their university offers, and ensuring that they are aware of information in relation to taking a gap year and apprenticeships. This support and advice will continue to be available to all students in Year 13. If your child requires any further support in making decisions about their future plans, please encourage them to speak to a member of the sixth form team, or contact me via email.

Student Finance

Please be aware that the application process for students going to university in September, and applying for student finance, is now open. PSHE sessions, which take place during morning registrations, have focused on financial issues including university finance. More information is available at www.gov.uk/student-finance as well as on the UCAS website: www.ucas.com/sfe

Overleaf is a list of websites that you should find useful, as well as some guides that you can download to support your child in making plans for next year.

General

The UCAS website contains lots of useful information about university courses, applying to university, student finance, apprenticeships, gap years and much more. www.ucas.com
