Dear Parent/Carer

Re: Year 11 PPEs and Beyond Guide

This week, we have released the latest information regarding your child's attainment, including their predicted GCSE grades. This is also a key time for college/sixth form interviews for September 2025 and offers of places will follow in due course. As a result, I have had many conversations with students about their next steps and the applications they have made.

I understand that it can be challenging for parents/carers to know how best to navigate the next steps and the transition from school to college/sixth form. Please find attached, a guide to support students and parents/carers through this phase of education.

On the Allerton Grange School website, you will find revision materials and exam specifications for all subjects, within the curriculum area of the website.

Please contact subject teachers or curriculum leads for questions relating to individual subjects. For support with careers and next steps please contact me and for any other questions or concerns, please continue to contact Mr Lomas or Miss MacFadyen.

Yours sincerely,

Louise Mills
