

## Religious Studies - Year 7 End of term 1

|              |   |  |  |
|--------------|---|--|--|
| Expectations | Classwork, homework and assessments shows student can   |  |  |
|              | Identify and use key terms  | Identify and explain different strands of Religious Studies, the different roles of religion, and how it developed | Be able to explain and analyse different strands of Religious Studies, the different roles of religion, how it developed and explain the differences |
| Developing   | The student has developed their knowledge on most of the expectations above. Assessment shows that the student can identify and explain some of the key words for this unit - but is not yet able to apply them comfortably in context. They can identify some of the key concepts around how religion is viewed differently and why. |  |  |
| Secure       | The student has secure knowledge of all key terms that have been taught this term. They can use most of them confidently in context and are starting to make clear links between religion and how it can impact world views and behaviour.  |  |  |
| Complex      | The student has clear and complex knowledge and fulfils all expectations of the curriculum so far.<br>The student can confidently use all key terms in the right context and is able to explain confidently the different views of religion and the impact it can have, and why people may view it differently.                       |  |  |
