

Religious Studies - Year 8 End of term 1. Topic: Ethics : How do people choose to behave and why?

Expectations	Classwork, homework and assessments shows student can		
	Key Ethical Theories	Strengths and Weaknesses of Ethical Theories	Criteria for judging the validity of ethical theories
Developing	The student has developed their knowledge on some of the expectations above. Assessment shows that the student can identify and explain the main points of ethical theories but may struggle to identify strengths and weaknesses of theories without support.		
Secure	The student has developed their knowledge about most of the expectations above. Assessment shows that the student can identify and explain the main points of ethical theories and can identify strengths and weaknesses independently.		
Complex	The student has clear and complex knowledge and fulfils most/all expectations of the curriculum so far. The student can confidently explain and categorise all key ethical theories that we have looked at this term. They can identify and explain the strengths and weaknesses of theories and are starting to apply them to real life situations.
