

Maths - Year 9F Term 1			
Expectations	Classwork, homework and assessments will have covered topics from:		
	Calculations	Decimal numbers and place value	Factors/multiples
	Powers	Primes & prime factors	Expressions
	Substitution & formulae	Expanding/factorising	Graphs, tables and charts
Developing	The student is developing their knowledge on most of the expectations above. Assessment shows that the student has knowledge of some of these areas but they have not secured the key concepts in enough detail to be able to recall and apply them in all forms.		
Secure	The student has secure knowledge of all expectations of the Maths curriculum that have been taught so far. Assessments show the student has secured knowledge in all formats and as a result has progressed in line with expectations.		
Complex	The student has clear and complex knowledge and fulfils all expectations of the curriculum so far. Assessment proves this and shows that the student has acquired an ability to recall and apply their understanding to solve problems and reason in varying contexts.		

Classes: Classes 7-11
