

# Remote Learning Timetable – Effective Monday 25<sup>th</sup> January

Based on feedback from staff, students and parents we will be making some changes to the school day from **Monday 25<sup>th</sup> January**. Thank you for all of your positivity, support and engagement, you are all doing a brilliant job!

- **These timings will only apply during the period of closure.**
- **All other remote learning expectations and policies remain unchanged. Please see [website for further information](#).**
- **The changes only concern the timing of lessons and the introduction of a weekly form time.**
- The changes will allow us to manage staff and student wellbeing in terms of screen time. All lessons are followed by a screen break and an opportunity to walk round and stretch legs.
- This should help to reduce screen fatigue and boost student engagement.
- A text and letter will be sent to parents/carers.
- Staff will be asked to schedule all lessons at the new times to aid planning and student organisation.
- Students will be informed the week before to ensure they are prepared for the new school day.
